**DECLARATION OF  
INGRID HODGE**

I, the undersigned, Ingrid Hodge, make this declaration in support of the Renewed Petition for Revival of an Application for Patent Abandoned Unintentionally Under 37 CFR § 1.137(b) for the above identified application.

1. From about August 31, 1999, I have been an employee at Kenyon & Kenyon LLP ("Kenyon") in Kenyon's Washington, DC office.
2. At Kenyon, I am a secretary who assists several attorneys in various intellectual property matters. I frequently assist Daniel Shanley, an associate at Kenyon, with various patent prosecution matters, including patent prosecutions for Toyota Jidosha Kabushiki Kaisha ("Toyota"), the assignee of U.S. Patent Application Serial No. 08/750,641 ("641").
3. As of July 10, 2008, to my knowledge and belief, I had had no prior involvement with '641.
4. On July 10, 2008, I was asked by Daniel Shanley to inquire as to the status of '641.
5. On July 10, 2008, I first learned of the abandoned status of '641 from the USPTO. I was told by Ms. Barr of the Office of Petitions that '641 had abandoned. According to my notes,

JAMES J. JONES

Ms. Barr suggested that a "Petition to withdrawing of the holding of Abandonment" be filed along with "docket records, etc." My notes are attached as Exhibit 1 to this declaration.

6. I then consulted Daniel Shanley and Judith Russo regarding '641. I was instructed to obtain a partial file wrapper of '641 from the USPTO, starting with the final office action mailed November 23, 1999, so as to confirm that '641 had in fact abandoned. On July 10, 2008, I sent an e-mail to Ondrea Iugo requesting this partial file wrapper. This e-mail is attached as Exhibit 2 to this declaration.

7. Prior to July 10, 2008, I do not recall the Office or anyone at Kenyon advising me that '641 had been abandoned.

8. To my knowledge and belief, the entire delay in filing the required reply for '641 from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional.

I declare that all of the above statements made based on my own knowledge are true and that all of the above statements that were made on information and belief are believed to be true, and further declare that these statements are made with the knowledge that knowing, willful and materially false statements, as are defined under Section 1001 of Title 18 of the United States Code, are punishable by fine, imprisonment, or both under Section 1001, and that such statements may affect the validity of the any patent issuing from '641 if the application is revived.
